

# PARENT WORKSHOP HELPING YOUR CHILD TO TELL AMAZING STORIES

This speech pathology workshop will help parents use interactive hands-on tools from Mindwing concepts such as visuals, puppets and the StoryGrammar Marker app to help their child become a great story-teller. Parents will learn about the important components that should be included in all stories to make them interesting, meaningful and elaborate. Parents will be supported in fun, interactive activities to learn how to create stories that their child will want to listen to and learn from.
